

These proposed changes for DFR5 are intended to streamline the proposal process, enhance review quality, and increase oversight, to maintain integrity and alignment with DF's strategic goals.

1. Proposal Pools

Unlike the previous four pools in DFR4, proposal pools in DFR5 have been streamlined to just two: the Ideation Pool and the AI Services Pool.

Your reason(s)_____

If you object, please state your reasoning (this is necessary for your objection to be considered)

2. Proposal Review

In the last round, we had expert reviews and community reviews. However, the R5 Workgroup has proposed that we have expert reviews and a ChatGPT review in DFR5.
